SUMMARY

Full Stack Developer with team management experience and educated at Case Western Reserve University. Skills include HTML/CSS/JS and responsive web design, SQL and database design, Node.js and server-side design, React jQuery and dynamic web design. Can work with every stack from LAMP to MERN. I don't care what something was designed to do, I care about what we can make it do.

TECHNICAL SKILLS

Languages: HTML5, Responsive CSS, JS, jQuery, SQL/Mongo, Node.js, React, Socket.io

PROJECTS

CheatSheets | github.com/eschwelgin/cheatsheets | eschwelgin.github.io/cheatsheets

- Turned most of my notes for Front End stuff into a website during the course
- Used Git, HTML, CSS, and a bit of JS early on

Brewery Locator | github.com/eschwelgin/Project-1 | eschwelgin.github.io/Project-1

- Called out to a number of APIs in order to create a Tinder for local breweries
- In charge of chaining together the API calls to make it all work
- Contributed to the openbrewerydb.org writing an API endpoint in ROR for this project

Penny Pinchers | github.com/eschwelgin/penny-pinchers-v2 | penny-pinchers-v2.herokuapp.com

- A social budgeting app
- Primarily responsibility was creating the live chat app
- Used HTML CSS JS React and Socket.io

EDUCATION

Bootcamp Certificate: Case Western Reserve, Cleveland, Ohio

A 24-week intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, JQuery, Bootstrap, Node Js, MySQL, MongoDB, Express, Handelbars.js & ReactJS.

EXPERIENCE

VapePerfect.com: 2017-2019

Created an online vape shop during the height of the e-cigarette boom. Based on Wordpress and WooCommerce it was the first time I put a website into true production. This was the stepping stone that lead me to become a full stack developer

Technology in Motion: 2000 - 2014, Cleveland, Ohio

Developed a strong foundation and working knowledge of basic networking, Windows administration, hardware installation, malware removal, and customer service by helping customers with computer problems.
